Work experience

Go developer and ML Engineer in the number 1 e-commerce platform in Russia
[Wildberries Tech](#) (Aug 2022 - Present)

- Developed a system for evaluating product cards using NLP techniques
- Implemented various services for infrastructure, search engine, seller portal using Go and Python
- Solved following NLP tasks: classification, clustering, text summarization

Technologies used: Go, Kubernetes, Docker, Python, NLP, FastText.

Head of development group
[IBS](#) (Dec 2021 - Jul 2022)

- Responsible for conducting technical interviews
- Developed RAP and CAP services
- Responsible for team as Team Lead
- Participation in the evaluation of presales

Technologies used: ABAP, REST, OData, Python.

Team Lead
[Streamline consulting](#) (Jan 2021 - Nov 2021)

- Worked together with the end user client and SAP functional consultants to gather requirements and devise/test technical solutions for their business processes
- Given knowledge transfer to team mates
- Responsible for development team of the S/4HANA migration project
- Provided assistance to analyze, review and resolve software issues and support cases
- Provided technical leadership to internal customers and development team on troubleshooting and resolving issues

Technologies used: ABAP, REST, OData, S/4HANA.

Senior software engineer
[Streamline consulting](#) (Dec 2019 - Jan 2021)

- Developed workflows
- Responsible for migration business processes from standard transaction to Fiori apps
- Developed OData services in SEGW and based on CDS

- Created technical specifications
- Code coverage with Unit Tests

Technologies used: ABAP, REST, OData.

Software engineer
[Streamline consulting](#) (Jul 2019 - Nov 2019)

- Involved in Analysis, Coding and Testing
- Worked in workbench tools like SQL Trace, Runtime Analysis
- Responsible for technical design, program development in this project worked extensively on reports like classical/interactive reports and OO ALV reports
- Reverse Engineering the code in Existing Applications

Technologies used: ABAP, REST, OData, C#.

Junior software engineer
[Streamline consulting](#) (Aug 2018 - Jun 2019)

- Developed classic reports, user interfaces, data processing tools, ABAP dictionary objects
- Testing the developed programs, for compliance with the technical task and the business process being implemented
- Configure user roles
- Created enhancements

Technologies used: ABAP, REST, OData.

Languages

Russian, English

Education

Master's degree, Software engineering
[ITMO University](#) - Saint Petersburg, Russia (2019 - 2021)

Bachelor's degree, Business and Computer Science
[Institute of Computational Mathematics and Information Technologies, Kazan Federal University](#) - Kazan, Russia (2015 - 2019)

Certificates

- [Fundamentals of statistics](#)
- [Kubernetes for tech users](#)
- [Go: The Complete Developer's Guide (Golang)](#)
- [Programming in Golang](#)

- [Certificate of Professional Development - Test Driven Development with Java](#)
- [Solution Skills - SAP Extension Suite Expert](#)
- [Building Apps with the ABAP RESTful Application Programming Model](#)
- [How to Build Chatbots with SAP Conversational AI](#)
- [SAP Certified Application Associate - SAP Cloud Platform Integration](#)
- [SAP Certified Development Associate - ABAP with SAP NetWeaver 7.50](#)
- [SAP Certified Development Associate - SAP Cloud Platform](#)
- [SAP Certified Development Associate - SAP Fiori Application Developer](#)
- [SAP Certified Development Specialist - ABAP for SAP HANA 2.0](#)

- [Certificate of Professional Development - Test Driven Development with Java](#)
- [Solution Skills - SAP Extension Suite Expert](#)
- [Building Apps with the ABAP RESTful Application Programming Model](#)
- [How to Build Chatbots with SAP Conversational AI](#)
- [SAP Certified Application Associate - SAP Cloud Platform Integration](#)
- [SAP Certified Development Associate - ABAP with SAP NetWeaver 7.50](#)
- [SAP Certified Development Associate - SAP Fiori Application Developer](#)
